## PAYMENT METHODS

- We accept Visa and MasterCard. We do not accept American Express or Diners Club cards. Credit card payments will be processed immediately once an order has been confirmed.
- All new phone and email orders are subject to a verification procedure to protect against credit card fraud and identity theft. We will get in touch with you via email or phone to verify that you're the card owner, as well as confirm that the shipping information provided is legitimate. This process may delay an order by a few days and generally requires a simple reply by email or call-back during business hours.

## POSTAGE AND HANDLING

- We use Australia Post for shipments. Standard Post and Express Post options are available. If an order is urgent, we recommend you choose Express Post. Express Post deliveries will usually arrive in 1 business day after shipping, within the Express Post network. Standard Post will usually arrive in 2 - 5 business days after shipping.
- Be aware that although we take care to get items to the post ASAP after orders have been placed and paid for there can be added delays beyond our control – whether we send express post or ordinary mail – please make sure you factor this into your planning as we can not take responsibility for unexpected delays within the Australia Post system.
- Many items can be posted but unfortunately some items are flammable and are considered hazardous goods, these items will require a courier service.
- Phone and email orders are usually sent within 2 – 4 days of the order being received, be aware that we are only opened with full staff on Thursdays and Fridays. Orders will not be sent or processed until we have confirmed the order with you.

- Provided the product is in stock. If the product is not in stock, we will endeavor to contact you to suggest a different product or to cancel the order. Very large orders may also take longer.

## FINAL SALE TERMS AND CONDITIONS / RETURNS & EXCHANGES

- Please choose your sale items carefully – due to hygiene and health regulations – items once opened can not be returned or exchanged unless they are faulty.
- We do not accept returns on products unless damaged or faulty – many Sale items are already reduced below cost if packaging is already damaged in some way – this will be a condition of the sale price – no returns on these sale items will be accepted.
- If you are unsure which colour or product to choose, we strongly recommend you visit our shops for assistance and to see the products and colours in person.
- Flammable items can only be picked up in store or couriered within the Sydney metropolitan region.
- If you are looking for a product that is not in this catalogue it is still worth asking as we have listed much of what we have but not everything.

Some products in this catalogue may sell fast so don't be disappointed – we will no longer be ordering new stock in.

- We will be happy to give advice on the use of many products we sell in our shop, but if it is a specialist item we suggest you do your own research to make sure it is the right product for your requirements.
- Many specialist make-up effects products listed in our catalogue are for industry make-up professionals and should be used with caution and experience.

To all our loyal customers over the years  
that have supported us,

**WE THANK YOU**

To all the wonderful staff and  
students that have been a part of  
the 3 Arts Make-up Centre,  
we wish you all the best and

**THANK YOU FOR BEING A PART
